# AWARE COLLECTION

WHEN NATURAL DESIGNED FLOORING  
BECOMES DURABLE

Based on reclaimed, recycled and natural fibers – Kährs Aware is a durable flooring for the modern consumer seeking comfort with no compromises on design.

SERENGETI

The Aware collection is a bio-based, natural floor designed to withstand family-life, wear and tear of any commercial but still give you that style and beauty of a wooden floor. Based on reclaimed, recycled and natural fibers – Kährs Aware is a durable flooring for the modern consumer seeking comfort with no compromises on design.

Inspired by National parks around the world. From the white, foggy Bwindi Forest in southwestern Uganda to the warm brown mountains in the east, Rocky Mountains. The collection features a range of 9 different rustic and beautiful wood designed tiles - Bwindi, Kappadokien, Grand Canyon, Yosemite, Serengeti, Jasper, Yellowstone, Smoky, and Rocky.

## SIZE

PLANK SIZE: 200 X 1815 X 9 MM  
WEAR CLASS: 23/33  
6 PCS/BOX  
BOX: 2.112 M<sup>2</sup>

## BENEFITS OF AWARE

### SUSTAINABILITY AT ITS CORE

Made from bio-based materials such as recycled cork from wine corks, HDF from recycled wood and natural fibers and fillers.

### A NATURAL CO<sub>2</sub> CONTAINER

Take a bold step to reduce your carbon footprint with Aware as cork and wood are key ingredients in the Aware collection. Cork and wood are 100% natural CO<sub>2</sub> retainers and binds carbon dioxide. In addition, the cork material is made from recycled wine cork production.

### EASY TO INSTALL

The floor is easy to install as it is to uninstall with the Kährs standard Uniclic joint on both the short and long side for a 2-way installation. Making it a quick, easy, and clean installation.

### DURABLE

The Aware collection is designed for family-life or the wear and tear of any commercial application, while still giving you the style and beauty of a wood floor with a classification of 33, suitable for commercial applications as stores and restaurants. The floor is both durable and comfortable to walk on!

### HEALTHY INDOOR AIR QUALITY

Made from bio-based materials, contains no plastic, no harmful materials, and is 100% free from PVC materials. Making it a better choice for better indoor air quality.

### SOFT TO WALK ON

Aware has elastic properties to ensure a pleasant feeling with high comfort when walked on, giving your feet a warm, cosy feeling. This makes the Aware collection a very special floor that is not only nice to walk on but to live with.
